Died, January 21st, 1880, Mr. Jacob Clevenger, aged 76 years. He was one of the pioneers of this county, having been a resident for fifty years. He settled in this county, in Sugar Creek township, in the year 1830, on the James Clevenger farm, and remained there until 1833, and then moved on the farm where he died. Mr. Clevenger was born in Shennandoah county, Virginia, in 1804. His father moved to Franklin county when he was a yet a boy. His mother dying, he was compelled to fight the battles of life alone. He was married to Miss Eliza Rimer, in Franklin county, in the year 1826. Twelve children blessed this union, eleven of which are still living and have families. He was a good citizen, a kind husband and father, and respected and loved by all who knew him.

Obituary.

Eliza Clevenger was born July 29, 1811, and died at her son-in-law's, Joseph Delfenbaugh, on the 29th of May, 1892, aged 80 years and 10 months. She was married on the 23d of January, 1828, to Mr. Jacob Clevenger, and settled in Putnam county in the year 1830, near Vaughnsville. She was the mother of 14 children, 10 living, 54 grandchildren and 38 great grandchildren. She was a sister of Jacob and J. R. Rimer, and was a good christian woman, and was highly respected and beloved by all that knew her. The funeral discourse was preached at the Ottawa River Church by Rev. A. Noffsinger to a large concourse of relatives and friends, and the remains were taken to the Vaughnsville cemetery and laid by the side of her husband.

Dearest mother, thou hast left us
Never more to hear thy voice
Till our journey here is ended
And we have made Christ our choice.

Yes, mother, we'll miss thee often
Seems it cannot, cannot be,
But we know it pleased the Savior,
He who died for you and me.

When we look around about us
And mother's face no more we see,
Then it makes us feel more lonely,
But how happy she must be.

We are sad and lonely, mother,
But from trouble thou art free,
And we know thou art safe in heaven,
For Jesus said, this should be.

How the angels gather round her
As she lands on Canaan's shore,
Jesus guided her there safely
Where friends meet to part no more.

Mother has gone to join the angels
And we'll ever miss her here,
But the shining hope within us
Tells a meeting bright and fair.

We all hope at last to meet thee
When life's trials here are done,
In our Savior's shining mansions
Where afflictions never come.

Dampness Brings Halt To Harvest

Following a dry month of September, October has come in slightly damp — at least enough to stall the fall harvest for a while.

Most of the bean harvest has been completed, but some tomato picking is still being finished and the sugar beet harvest has begun. Very little corn has been taken off yet.

However, most of that came to a halt as the result of overnight rainfall Tuesday night and Wednesday morning. Heavy fog over the week-end added to the dampness and halted much of the combining.

Weather Observer Ray Burkholder reported .26 inch at his farm near Pandora, but slightly more fell in the Ottawa area.

Burkholder reported that rain during September totaled just 2.03 inches, while normal for the month is 2.97. For the six month growing season from April to September the rainfall was below normal each month. For the first nine months of the year it has totaled 23.87 inches against a normal of 26.74.

September was also on the cool side. The average maximum temperature was 73.9 degrees and the average minimum 48.3 for a mean temperature of 61.1, three degrees below normal. Highest of the month was 89 on September 8 and the lowest was 34 on September 24.

Sen. Gaeth Calls Calamity D Make-Up 'Rather Ridiculous'

State Sen. Ben Gaeth, R-Defiance, blasted stringent Ohio Department of Education regulations regarding calamity days during a meeting with members of Ottawa Glandorf Supt. Randy Hardy's advisory committee Monday in Glandorf.

The co-sponsor of a bill seeking relief from weather day makeups said that the state department's rigid compliance policy was "rather ridiculous."

The state education department late last year, as part of its campaign for educational excellence, issued a decree regarding weather-related school delays.

School districts were required to make up class days which because of weather delays, did not meet state minimum-length standards, according to an initial ruling made by the education department.

That was later amended to count time missed towards calamity days allowed by the state.

"It really endangers the lives of young people," Sen. Gaeth said about the new state department of education policy.

Gaeth and State Rep. Lynn Wachtmann, R-Napoleon, both are advocates of a partition plan to cut state individual income taxes by 10 percent a year for three years.

The senator said that the Republican tax plan in Senate Bill 1 was "not going to jeopardize school funding one iota."

Sen. Ben Gaeth, left, explains his opposition to the state law regarding make-up days for students. Joe Uphaus, right, is also present.

Sen. Gaeth later insisted that state income was running 10 percent ahead of that at the same time last year and that no program would suffer as the result of tax cuts. "All we're trying to do," Gaeth said, "is to cut down the increase in government."

Both Wachtmann and Gaeth smiled in anticipation when asked about the crisis among privately insured savings and loans and banks in the state.

"The savings and loan situation will blow the Democrats out the door next year," the representative claimed.

Sen. Gaeth explained his opposition to the state law regarding make-up days for students. Joe Uphaus, right, is also present.

County Closer to Part-time Developer

Townships and villages in Putnam County will receive as early as today (Wednesday) an assessment notice based on a small percentage of tax valuation from the Putnam County Community Improvement Corporation for payment towards the employment of a part-time economic developer.

The amounts of each village and township assessment was determined, but was not released to the public.

In a compromise worked out Tuesday afternoon by a nine-member panel, participation in a rural agricultural program was also decided upon.

Participation in the Midwest Joint Planning Council's REAP (Retention Expansion of Agricultural Production) was decided upon in order to assure participation of the townships in the economic development venture with the Mid American Council of Economic Development (MacEd).

Putnam County commissioners spearheaded the series of meetings to solicit public support for the hiring of an economic developer and initially pledged \$10,000 towards the employment of such a person and the establishment of an office of economic development.

The pledge increased to \$15,000 during the second of two meetings held last Thursday, called to determine if enough money could be obtained to pay the \$35,000 needed for the employment of the economic developer.

In addition, the village of Ottawa pledged \$5,000 towards the project, and two local chambers of commerce,

Klear, Jr. disagreed. "If one man or woman gets a job it will be a benefit," he said.

Others insisted that the entire county would benefit from economic development, no matter where any such new industry or business might locate.

Also posing a stumbling block was the question of raising the additional funds beyond the \$21,000 pledged.

Several leaned towards a per capita assessment, but Gene Spitalne, a Perry Township Trustee, came to Thursday's meeting with a predetermined formula for assessments based on tax valuation figures.

Commissioner Martin Kuhlman eventually asked for volunteers at the end of Thursday's meeting, noting that yet another meeting was needed to iron out details.

Along with Klear, Spitalne and Kuhlman, Leipsic Village Councilman Winslow Heg, Continental Village Mayor Roger Stover, Dupont Mayor Robert Heidenescher, Pleasant Trustees Ray Meyer, and Jack Williams and Robert Fawcett from Ottawa, agreed to work out details on Tuesday.

Afterwards on Tuesday, Kuhlman admitted that an economic developer had not yet been hired.

Townships and villages have until April 30 to submit pledges for the economic development program and must pay at least half by May 31. The balance of the payment is due November 30, Kuhlman added.

Auto Accidents

(Continued from Page 1)

Two store windows and a United States mail box were struck by Loretta Doughty, 21, Columbus, as her brakes failed on Walnut Street at its intersection with Main at 6:25 Monday evening.

Miss Doughty told the investigating officer that she decided to go onto the sidewalk rather than enter the intersection on Main Street.

Damage was reported to be near \$125 to the Doughty's 1961 Buick. The windows in the Big Plus Discount store were valued at \$200 and the mail box at \$20.

GUADALUPE Ramirez, 22, Mission, Texas, lost control of his auto on a curve a half-mile northeast of Kalida on Road M Sunday at 3:40 p.m. and skidded into a Kalida Telephone Company pole doing it \$35 damage.

The estimate on the damage to Ramirez' machine was \$150. Apparently wet road was the cause of the accident.

As he crossed the DTI railroad tracks one-half mile north of Leipsic on Road 7 at 6:50 p.m. Sunday, Jose Delgado, 18, of the Fred Russell camp, was forced off the road by another vehicle and went off the right into a pole.

Delgado was treated later by a local physician for body bruises. His car had around \$75 damage.

MERCEDES Rodriguez, 40, of the Billy Smith camp in Deshler, was uninjured and his car was slightly damaged when he went too far to the right after making a right turn and ran into a field. Rodriguez then backed his automobile over the pavement into the ditch on the other side of the road.

Deputy Robert Beutler cited Rodriguez for not having a driver's license.

The fender bender occurred on Road 6, three miles west of Belmore at 1:30 a.m. Sunday.

Three accidents were investigated which involved a car passing another.

At 3:15 p.m. Friday, Dudley King, 21, Defiance, tried to pass Ralph Honingfort, route 1, Fort Jennings, just as the latter was turning right from East Second Street.

Ottawa Policeman Jeffrey Schrieber cited King for passing improperly.

Approximately \$100 damage was inflicted to King's vehicle, and \$175 to Honingfort's truck.

A SIMILAR mishap took place on North Taft in Ottawa when Junior Raymond Geckle, Continental, started to pass George Kuhbander, 49, Ottawa, as he was turning.

Damage to Kuhbander's au-

Geckle's car had \$150 loss.

Geckle was also cited for improper passing.

Thomas Brenneeman, 21, route 1, Elda, pulled out to pass Dennis Luebrecht, 27, route 1, Fort Jennings, but was unable to do so and struck a mailbox before scraping the Luebrecht auto.

Both the vehicles and the mailbox, which was owned by Gilbert Luebrecht, were slightly damaged.

The accident was on County Road 19, four miles southwest of Kalida, at 8:35 a.m. Saturday.

Wet and slippery roads caused two similar accidents this morning.

At 7:30 a.m. Robert Hanne-man, 32, route 3, Ottawa, slid off Road M two miles south of Ottawa at the intersection of route 65, and crashed into two road signs, causing about \$300 damage to his 1968 model car.

George Osting, 17, route 2, Delphos, skidded off route 190 two miles north of Delphos about 8:00 a.m. and hit a pole, doing minor damage to his car.

Cool Weather Follows Rain

Indian Summer Bids Farewell

By the feel and looks of things this morning, Thursday, our Indian summer and shirt sleeve weather has left for parts unknown.

It was a snappy 30 degrees this morning with a heavy gray frost, and just to go on record weather reports out of Columbus state that the mercury may dip to 25 degrees Friday morning. A slightly warmer trend may move into this area on Sunday, it was stated.

The steady light rain of most of Wednesday brought a total of .49-inch, which, with the .18-inch on Saturday, brought total precipitation for the week to a two-thirds of an inch.

A frost was also noted on Tues-

day morning with a low temperature of 33 degrees. Daily lows for the other days of the past week ranged between 41 degrees on Monday to 55 degrees on Saturday, while the daily highs ranged between 52 degrees on Wednesday to 83 degrees last Thursday.

The rain on Wednesday, according to reports, was expected to extend into today, but skies cleared during the night, and as a result we missed the snow flurries which had been included in the forecasts.

"but what choice do we have?" If a pact were struck between the migrants and the growers, both sides would benefit, he said, and a production based on "a system of peonage" could be ended.

He asked growers to have their own organizations sign a pact with FLOC and negotiate side by side with the tanners. Farmers who agree to recognize FLOC would not be affected by possible job actions, Velasquez said. However, after the meeting he said he doubted that any growers would come forward soon enough to protect members against a strike this year.

Velasquez said that the union's strategy will be to strike one cannery and the growers that supply it, and if necessary to maintain the action against the cannery through more than one session.

He would not say which cannery would be made the target or whether

business district is the new office of the Putnam County Council on Aging. John Moore, the director, said that the office probably will be opened on the second floor of the Ottawa Home and Savings Association building as soon as office space can be remodeled.

Clyde Schroeder, president of the Chamber of Commerce, reported that there will be a delay in the opening of the new Patrick Plastics plant. Due to the time required to get a proper zoning variance on the North Locust Street site, the company was unable to meet the commitment for the July contract it had. However, Schroeder said he was told that equipment should start to be moved in during September and production will start some time in February.

Several inquiries were made of the Chamber for industrial plant sites, according to Melvin Smith, the industrial development chairman. Smith said, however, that most are interested in existing buildings and he suggested that the Chamber and its members look into the possibility of constructing such a building for future development.

Ottawa Service Director Dewey Williams reported that work on the extensive street improvement projects contracted by council earlier this summer should start within two or three weeks, but it will be autumn before any new mats will be laid.

Assessments still are not ready for the new sidewalks installed last summer, according to Solicitor George Schroeder. The village officials are still attempting to work out the problems which developed with the concrete over the winter and it is likely that the assessments cannot be certified to the county auditor by September. If there is further delay the assessments will not have to be paid for another year, he said.

In other action, the Chamber of Commerce passed resolutions endorsing the upcoming United Way campaign and commending General Putnam's Men for the way they are representing Putnam County this summer throughout the United States and Canada.

Bibler was not injured but was cited for failure to yield the right of way at a stop sign. Extensive damage was done to the vehicles.

Jake Meeker, 35, Oakwood, was treated and released at St. Rita's Medical Center after his vehicle left the roadway at 12:40 p.m. Thursday on Route 15 near the intersection of Route 634.

Meeker was traveling south on Route 15 when his car went off the right side of the road, came back on to the road and then went off the left side into a ditch where it rolled over onto a fence. Moderate damage was done to the vehicle. Meeker told troopers he was attempting to pick something up off the floor of his vehicle when he lost control of it.

A cyclist was admitted to St. Rita's Medical Center after he collided with a car at 11:30 a.m. Sunday at the intersection of Route 613 and Road 5, east of Leipsic.

Joseph Funke, 49, Chicago, Ill., was driving his motorcycle west on Route 613 when it struck a car driven by Albert Maag, 16, route 1, Leipsic, which had pulled into the intersection from Road 5. Maag was northbound on Road 5 and stated he had stopped at the intersection but failed to see the approaching motorcycle. Maag and three passengers in his vehicle were not injured.

Moderate damage was done to a car operated by Sylvia Speiser, 19, route 1, Continental, after it went out of control at 2:32 a.m. Thursday on Route 15 in Monroe Township, according to the Putnam County sheriff's department.

Ms. Speiser told deputies she swerved to miss an animal on the roadway and her car went off the south side of the road. The vehicle then swerved back across the road and hit a fence on the north side. No injuries were claimed by the driver or a passenger Don Brown, 24, Continental.

In spite of the late hours kept by many of our people on New Year's Eve, the pastor was greeted by a good sized audience Sabbath morning.

He chose as his New Year's theme "The triumphant close of a well spent life"; and, as his text, Saint Paul's retrospect of his past life and his prospect of the future, as is brought out in second Timothy 4:7,8, where he says, "I have fought a good fight, I have finished my course, I have kept the faith. Hence forth there is laid up for me a crown of righteousness, which the Lord, the righteous judge shall give me at that day; and not to me only but unto all them also that love His appearing."

THE SYMPOSIUM ON MOSUS in the evening was much enjoyed and spoken of in terms of high praise.

The first week of January, being the week of prayer, the pastor spoke on Monday evening from the text, "Men ought always to pray."

Thursday evening, he will speak on, "The Inimitable Christ."

Friday evening, he will speak of Christ's power to save, from the text, "He is able to save unto the uttermost them that draw near unto God through Him."

Next Sabbath morning, he will speak again on the subject of prayer, the privilege of which is too generally neglected.

The subject of the Sabbath School lesson is, "Elijah the Tishbite."

The topic for discussion in the Christian Endeavor society is, "Opportunities." The leader, Helen Sandles.

The new year furnishes us all with new opportunities of service, and "let us be diligent in business, fervent in spirit, serving the Lord."

Weddings

Announcement is being made of the marriage of Miss Clara Sue Hiles, daughter of Henry Hiles of Portsmouth, and William R. Clevenger, son of Mr. and Mrs. Chester R. Clevenger of 738 South Prospect street. The double ring ceremony was read Saturday at 4 p. m. in the parsonage of Epworth Methodist church by Dr. V. E. Busler, pastor.

For her wedding, the bride chose a blue suit with which she combined winter white accessories. Her corsage was a cluster of gardenias. Mrs. Richard Clevenger of Akron, the bride's only attendant, wore a black suit for the wedding, and a corsage of gardenias. Serving as best man was Richard Clevenger, brother of the bridegroom. The bride's gift to her attendant was a rhinestone bracelet, and the best man's gift from the bridegroom was a billfold.

Following the ceremony, Mr. and Mrs. C. R. Clevenger entertained with a reception at Hotel Harding. A three-tier wedding cake centered the table.

The couple left Sunday evening for a short wedding trip. They plan to reside at Columbus where Mr. Clevenger is a student at Ohio State university. He is affiliated with Phi Kappa Tau fraternity there.

The importance of completing action on
such legislation at this juncture can
scarcely be exaggerated. With unemploy-

Now, consider the estimate of scientists
that only about 500 meteorites strike Earth

A million to one chance is not even in the

on two such heavenly visitants striking the

that is "almost incomprehensible". Fasci-

Council Mulls

Schortgen was asked to get a cost
figure from the engineer for the
additional 500 feet which would be
needed.

It was noted by several councilmen
that current residents within the
village have water problems, and that
only through an assessment could the
village undertake such a project.

Solicitor Robert Weaver told council
they need to look at the financial
picture of the town and whether all of
these houses are really going to be
built.

Approval was given to the prelim-
inary plans for the Kuntz subdivision.

An ordinance requiring a license for
anyone trimming or removing trees in
the village will be reviewed after a
question concerning removal of
stumps. Weaver stated the current
ordinance does not cover stump
removal. It was enacted to protect the

Women's ministry fall rally held

The Churches of God Women's Ministries Ohio Conference held their fall rally at the College First Church of Findlay, Tuesday, October 12 with four Ottawa River Church ladies attending. The rally had the biggest attendance record with 81 women ministries members in attendance.

The morning speaker was Nancy Recker, Extension agent of Family and Consumer Science of Allen County. Her talk entitled "The Family That Laughs Lasts," was both interesting and very funny. Did you know that laughing for 15 seconds adds two days to the life span or laughing 100 times a day is equal to a ten minute session of rowing? Nancy says, "Why sweat when you can laugh?" When you laugh you gain a certain attitude of acceptance of others and yourself. You are willing to admit no one is perfect and you gain a tolerance for imperfection. Want to extend your life? A hearty laugh speeds up the heart rate, improves blood circulation, accelerates breathing and increases oxygen consumption.

In the afternoon the members were treated to a group called FIAT: (Faith in Action Team). They are a group of college students form Findlay University under the direction of Pastor Will Miller putting their faith to work. These students were great at singing, playing instruments, putting on a skit which involved the members of the rally and giving testimony as to why they are a FIAT member.

The next rally will be in the next spring. Those present from the Ottawa River Church were Judy Fanaff, Darlene Deffenbaugh, Bernice Lehman and Mary Sue Santaguida.

Father Krull is a man of open expression, sincere in his beliefs and stands true to convictions. He is ready and willing to work for those things which he knows are for the welfare of an individual, the community or the parish, but stands just as ready to fight against those evils which bring about disgrace or shame.

Charitable And Kind

His acts of charity and kindness have no limits. He is always willing to provide clothing, food or books for the children in needy families, and many a grown-up has left the company of Father Krull after receiving financial assistance, a word of advice or encouragement which gave him or her a new and brighter lease on life. The children were the beloved pastor's favorites, and they were always ready to give him a friendly greeting or make a visit to his home. They knew that the latter would bring at least a temporary satisfaction to that sweet-tooth, as a hand-out of candy always awaits the child on such a home mission or within hearing distance of his voice.

In addition to Father Krull's pastoral duties, he also has his hobby. That is writing, and his work has brought him distinction as an author of extraordinary ability. He has written the booklet "The Blessed Virgin Mary" of which more than sixteen thousand copies have been sold or distributed. Another of his books is "A Prophetic Biography of Jesus Christ." This booklet gives the story of Jesus Christ as it was written hundreds of years before His birth; and several editions, totalling thousands of copies, are now in circulation throughout the nation.

Popular Author

The most popular book written by Father Krull, is "Christian Denominations," which has enjoyed a distribution of more than forty thousand copies. It deals with the backgrounds and history of all known religions and has been favorably received by clergymen and lay people of all religious faiths. The latest revised edition of this book was printed during the spring of this year. Father Krull has also written and has circulated many other booklets, during his priesthood of forty years, all of which displayed deep thought and study, written with the thought of promoting God's works and plans as well as Christianity in a world of human suffering.

Regardless of religious belief or affiliation, Father Krull is beloved by those who know him. He is a man to whom his people turn for counsel and guidance in all spiritual matters, and in many civic and community undertakings.

SCRAP METAL

(Continued from Page One)

The present salvage drive is being made with the cooperation of the county commissioners, the county engineer, the State Highway department and the WPA.

A house to house canvass will be made of every farm and house in Putnam county with the expectation of gathering up every bit of scrap iron, scrap rubber and every kind of metal that is not being used. Each farmer and housewife is urged to have the scrap ready when the truck calls. An increasing number of boys from this county are already seeing active service. We on the home front must see to it that industry shall not lack the materials needed for adequately arming and equipping our boys.

The housewife can play a particularly important part in this drive. She should carefully inspect all of her house furnishings to see what equipment she has that has outlived its usefulness. An old iron or a knife in the kitchen, the steel springs out of an old upholstered chair in the attic, some discarded pipe in the cellar, unused coat hangers in the closet, these and many other items of household use will help to secure the pounds of scrap.

Reports coming from every community in the county in regard to the village drives for scrap metal in recent weeks are very encouraging. Mr. Warren county salvage committee chairman, reports that a meeting of community salvage workers will be held in the Ottawa auditorium on Wednesday evening, September 3, at 7:30 p. m.

FEED CATTLE SCAB WHEAT

No Injury Results When Fed To Cattle

Diseases have taken a larger than usual toll from the Ohio wheat crop this year, and many farmers are wondering what they can do to avoid a total loss from the grain left shriveled by scab and anthracnose. Since shriveled grain is unfit for milling purposes, some other use must be made of it if possible.

Two questions are frequently asked: Can this grain be used for seed; and can it be fed to stock? When shriveling is the result of scab disease, a large percentage of the grains are usually infected and, warns R. C. Thomas, Ohio Agricultural Experiment Station plant pathologist, unfit for seed. If such seeds germinate at all, only weak plants will result, and many will quickly die of seedling blight. Normal plump grains can be separated out for this fall, provided a good reliable seed treatment is used to kill the spores on the outside of the grain; for this purpose, New Improved Ceresan or copper carbonate is recommended.

TRACTOR DEMONSTRATION

AMSDEN, SENECA COUNTY

The pulling power of 30 leading farm tractors sold in Ohio and the fuel consumed per horsepower hour will be tested for the first time in four demonstrations, one of which is to be held Wednesday and Thursday, August 6 and 7, at the Watson farm at AMSDEN, near Fostoria, Seneca county.

The others are to be July 28 and 29 at Columbus, August 1 and 2 at Middletown, and August 12 and 12 at Akron.

The department of agricultural engineering, which conducts the demonstrations, in cooperation with tractor companies, has records of the belt wheel power of most makes of tractors obtained by means of pony brake tests at winter demonstrations. After pulling power in the field is added, the university will have valuable comparative data.

The biggest array of tractors ever assembled in Ohio for demonstration work will be seen in operation. The highest number heretofore has been 16. No state has ever attempted a series of demonstrations of this sort, according to Professor H. C. Ramsower, who is in charge. The only tractor event likely to beat Ohio's in size this summer, he says, is the national demonstration at Wichita, Kansas.

The object is to give farmers a first-hand opportunity to see the construction, operation and quality of work of the leading tractors held in this state. Each machine will plow, disc with a tandem disc harrow, and draw a cultipacker. All will do the same amount of work. About 700 acres will be turned over and fitted for wheat sowing at the four events.

The pulling or draw bar tests will be made by means of a new \$2100 dynamometer purchased for the purpose by the university. It registers the pull by pounds, distance, rate, time, and fuel consumed. Tractors are to be tested both as to ordinary and maximum load.

A special freight train of 15 flat cars has been engaged to take the machinery from one place to another. This train with long display banners attached at the sides of cars, will travel 350 to 400 miles with 125 tons of tractors and equipment. Every tractor that is entered must go through all four demonstrations unless it breaks down completely, in which event it must be repaired in the field and later removed under its own power.

Farmers having two or more makes of tractors under consideration for purchase have the chance to watch their operation at several demonstrations in different kinds of soil and other varying conditions.

TYPHOID RATE REMAINS LOW

war as their rallying cry. ... have a united party, with all factions and shades of opinion fused, ... teamwork such as they have not shown since the memorable revolution of 12. The family squabbles now going on are not conducive to that condition.

THE PEOPLE HAVE RATIFIED.

Since there remain in the United States Senate and elsewhere ... the Republican party.

It is not unfair or ungenerous to say that the practical Mr. Hays, chairman of the Republican National Committee, would not hesitate for an instant to make the League a partisan issue if he felt that Republicans as a whole would second him.

But Mr. Taft, who is unquestionably the chief figure in the Republican party, has denounced every attempt to make the League anything but a question of America's obligation to obtain and insure peace.

Republican newspapers of great influence and wide circulation are fighting for the League and condemning those who would entangle it with partisan politics.

The Republicans of the Senate, where most of the objections to the League are heard, are by no means a unit in their attitude toward the League. Senators Kenyon, McCumber and McNary are counted among the League's supporters. Other Republican Senators who are among its opponents can come to no agreement as to the basis of their opposition.

Lastly, the Republican National Committee itself is a composite of factions on the big question. While Mr. Hays is saying it is not a partisan issue, the publications for whose dissemination his organization is paying are fighting the League with propaganda of distinct Republican flavor and obviously to gain votes against it.

No, the League is not a partisan matter. The American people have heard and heeded President Wilson's request that it be kept out of politics. The League has already been ratified by the people. It remains now for the Senate to give formal expression to that ratification.

OBJECTION IS "BUGBEAR."

The efforts of a number of Republican U. S. Senators and a few of the local Republican newspapers, to defeat the confirmation of The League of Nations, are fast "petering out," for lack of stability of arguments presented and misrepresentation of facts connected with the matter. Of late the opponents of the League have had much to say in regard to what is termed the Shantung Treaty. At a recent meeting of the League to Enforce Peace, held in New York, Dr. A. Lawrence Lowell, President of Harvard University, said:

"The objections to the Peace treaty, based on the Shantung provision is a bugbear founded on insufficient knowledge of facts."

"Germany cedes to Japan only the rights that she acquired from China by the treaty of March 6, 1898," he said, "This gives certain industrial concessions in the province, but the only territory ceded is a strip of land 30 miles wide around the Bay of Kiao-Chow, and this is only by a lease for 99 years. China expressly retaining the sovereignty, though not exercising it during the period of the lease."

In ratifying the treaty, Dr. Lowell asserted, the United States would do so on the assumption that Japan would carry out her obligation to return the territory to China in accordance with an agreement between the two countries.

With a view of quickening interest in the "Safety First Work" the railroads are conducting a "No Accident Campaign." Special orders have been issued to operators in every department to take every precaution to prevent an accident to employees or to the public. In this connection they have asked the co-operation of the clergy and press, believing that if the public will exercise the same degree of care that has been requested of railroad men, accidents will be materially reduced. The public should always remember that the tracks are for the passage of trains that, while no regular train may be due, it is always possible that a special train may be running, and that it is always wise on approaching a railroad crossing to follow the

OBITUARY

Mr. James Rimer was born near Kalida, this county, April 13, 1845, and died at his home in Columbus Grove, July 16, 1919, at the age of 74 years, 3 months and 3 days. His parents were Jeremiah R. and Lucinda (Sarber) Rimer. The mother of the deceased died when James was only 13 days old and his childhood and boyhood days were spent on the homestead farm in Sugar Creek township, this county. In 1864, he left his boyhood home and went to Columbus Grove to learn the Carpenters trade in which he engaged at that place, except a year in Bellefontaine, which trade he engaged in for many years of his life.

On November 23rd, 1865, he was married to Miss Lucinda Nicholas, daughter of Edward and Margaret (Erwin) Nicholas. By this union five children were born: Mrs. L. E. Miller, now of Ottawa; Mrs. John Davis now living at Muskegon Heights, Michigan; Clement C. Rimer who died at Columbus Grove, January 29, 1919; Emery Rimer, who lives at White House, Ohio.

From 1885 to 1895, James Rimer lived on a small tract of land in the southeastern part of Union township, which he farmed but also devoted a part of his time to carpenter work, being considered a master mechanic at that business.

During his life he filled a number of public positions pertaining to the government of his township and village. He served for six years as a Trustee of Union township, several years as a School Director and one term as a member of the Village Council of Columbus Grove.

He was an active member of the Presbyterian Church for many years and was a Trustee of the church.

He was a subscriber for the Sentinel for over half a century and was a prominent member of the Democratic party during the entire days of his manhood.

Can't help with your headache but did find the Miller's. They are on page 256 - it would be ED 72 sheet 19B - next to last page in ED 72. I just went through the actual census images, they load pretty fast in Genealogy.com - which works if you know exactly where they lived.

DEATH OF CLEMENT C. RIMER.

Mr. Clement C. Rimer, familiarly known as "Chet" Rimer, a prominent citizen of Columbus Grove and a well-known lawyer of this county died at his home in that place on Monday night of this week, at the age of 43 years, 1 month and 16 days. The deceased was born in Pleasant township, this county, December 12th, 1874, and was a resident of the county during his entire life. He obtained his education in the public schools of Columbus Grove and attended the college at Ada for two years after graduating from the public schools. After leaving college he commenced the study of law and in 1902 was admitted to the Bar and opened an office in Columbus Grove where he remained in the practice up to the time of death. When very young he was elected Justice of the Peace for his township and held the position for a term of six years then he was elected as Township Clerk in which position he served for eight years. During both these periods he continued in the practice of the law and was not only a worthy member of the legal fraternity but recognized as one of its most able of the younger member of the fraternity.

His death causes universal regret among all those with whom he was acquainted, and the county has lost one of its most highly respected citizens.

Mr. Rimer was married to Miss Ida Swanger on June 25th, 1897, whom with two daughters survive him and mourn their great loss, one daughter having preceded him in death.

He was a member of the Presbyterian church and his funeral services were held in the church at that place on Thursday afternoon, Rev. Kohr officiating, and the remains were laid to rest in Truro cemetery.

Card of Thanks.

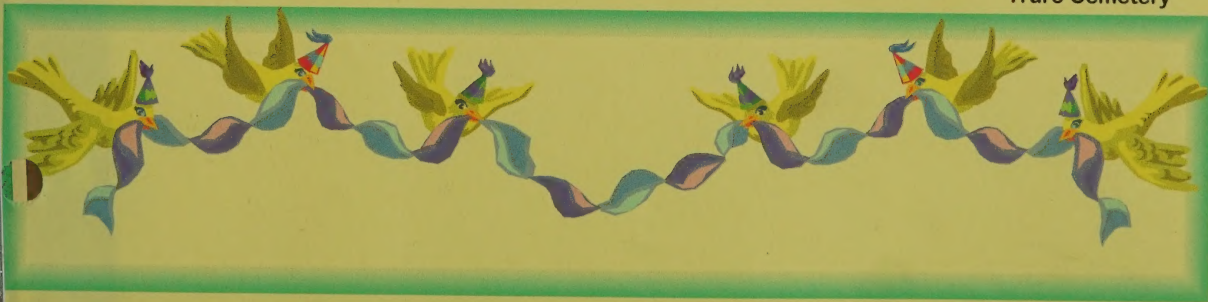

We desire to express our sincere thanks for sympathy and kindness extended during the long illness and since the death of our son and brother, Clement Chester Rimer. Especially did we appreciate the help of neighbors and friends, and we also were touched by the presence, sympathy and floral offerings of Putnam Co. Bar Association. The singers also have our gratitude as do all others who showed their feeling for us in our deep sorrow.

Mr. and Mrs. James Rimer and family.

From Columbus Grove Correspondent

On Wednesday morning at a very early hour, Miner Rimer, a well-known and highly respected farmer, living two miles south west of Columbus Grove, near the Vaughnsville road, arose as usual and repaired to the barn to attend to the performance of his chores. While there, he drank an ounce and a half of carbolic acid. Rimer lived but a short time afterward, and spoke not a word after taking the fatal dose. Despondency is the supposed cause, although he appeared cheerful at times and apparently unusually so on last Tuesday evening. Previous to removal to the country, a short time since, Rimer resided in the east end at Columbus Grove. He was a brother to Rev. William C. Rimer, a well-known Christian church minister. Out of a family of nine children, all of whom are well up in years, Rimer is the first to pass away. A wife and a son and little daughter, by a former marriage, survive. The funeral will be held today, Friday, from the Christian church at Vaughnsville. Interment will be made in the cemetery at that place.

Insurance Companies Dispi Liability in Fatal Accident

In Putnam County Common Pleas Court this week, an insurance company asked for a judgement to clear up the question of liability in a fatal accident which occurred over a year ago, and a foreclosure motion was granted. Two divorces and four marriage dissolutions were also granted while two new money actions were filed. Also filed was another divorce action and two reciprocal suits.

The Buckeye Union Insurance Company, Lima, has asked for declaratory judgement in a case involving the Grange Mutual Casualty Company, Findlay, and Kalida Motor Sales, Kalida. The action stems out of an accident on June 24, 1979, between Columbus Grove and Kalida in which two teenagers were killed and seven others injured.

Lora Jane Schroeder, the 17-year-old driver of the vehicle, who was killed in the crash was insured by Buckeye Union. However, the four-wheel-drive vehicle she was driving was owned by Kalida Motor Sales, and was being driven with the permission of Karl Vorst of Kalida Motors and was insured by Grange Mutual.

The companies are seeking a judgement as to which company is liable so that suits for personal injuries and the deaths may proceed.

pretensions and that the notes should be honored.

John Honesto, route 4, Leipsic, has filed a suit against Renaldo Romero Sr., Leipsic, for \$5,888.50, he claims Romero owes him on an overdue promissory note.

Kelly D. Collins, Continental, filed a reciprocal suit against Jimmie Drinkwater, Fremont, Neb. The couple were granted a dissolution of marriage in June. Custody of their three children was given to Mrs. Collins. She claims that he has not made any of his support payments and he owes \$450.
